About Us

Although our production journey officially began in 2018 under the **Porline** brand, our commercial heritage in the porcelain industry dates back to the 1970s. What started as a tableware distribution business more than 55 years ago evolved into full-scale porcelain manufacturing in **March 2018**.

Porline Porcelain commenced production with a single kiln in a 5,000 m² indoor facility, and by 2020 expanded to two kilns and 150 employees, establishing a strong presence in the porcelain tableware sector. In 2021, our monthly capacity reached 900,000 value-added pieces in diverse shapes and forms, supported by an investment in a digital printing line that allows us to bring the latest global design trends to life.

Our product portfolio continues to evolve through advanced technology, meeting the demands of both Horeca and houseware customers. Driven by innovation, we remain committed to strengthening our position as a globally recognized brand through continuous investment and development.

Since 2019, Porline has taken part in major international trade fairs such as **Ambiente, Host Milano, and EquipHotel Paris**, continuously enhancing its global visibility and expanding its export network. Today, we proudly export to over 30 countries and maintain a monthly production capacity of 1,5 million pieces.

At **Porline**, we uphold the core values of quality, trust, and customer satisfaction, while maintaining deep respect for people and the environment. With a team of more than 250 dedicated professionals, we make responsible use of local and national resources, contributing to the economic growth of our city and country. We continue our journey with passion and commitment - shaping porcelain through craftsmanship, innovation, and respect for the world we live in.

Hakkımızda

Porline markasıyla üretim yolculuğumuz 2018 yılında resmen başlamış olsa da, porselen sektöründeki ticari geçmişimiz 1970'li yıllara dayanmaktadır. 55 yılı aşkın bir süredir süregelen züccaciye toptan dağıtım faaliyetimiz, **Mart 2018** itibarıyla tam kapsamlı bir porselen üreticisi kimliğine dönüşmüştür.

Porline Porselen, üretime 5.000 m² kapalı alanda bulunan tek fırınla başlamış, 2020 yılına gelindiğinde kapasitesini iki fırına ve 150 çalışana çıkararak porselen sofa eşyası sektöründe güçlü bir konum elde etmiştir. 2021 yılında, farklı şekil ve formlarda aylık 900.000 adet katma değerli ürün üretim kapasitesine ulaşılmış, ayrıca yapılan dijital baskı hattı yatırımıyla en güncel küresel tasarım trendlerini ürünlerimize yansıtmaya imkânı kazanılmıştır.

Ürün portföyümüz, ileri teknoloji yatırımlarıyla sürekli gelişmekte ve hem Horeca hem de ev tipi müşteri ihtiyaçlarını karşılayacak şekilde çeşitlenmektedir. Yenilikçilik anlayışından güç alarak, sürekli yatırımlar ve tasarım geliştirme çalışmaları ile küresel ölçekte tanınan bir marka olma hedefimizi sürdürmekteyiz. 2019 yılından bu yana **Porline, Ambiente, Host Milano ve EquipHotel Paris** gibi önde gelen uluslararası fuarlara katılarak global görünürlüğünü artırmakta ve ihracat ağını genişletmektedir. Bugün 30'dan fazla ülkeye ihracat gerçekleştirmekte ve aylık 1,5 milyon adet üretim kapasitesiyle faaliyetlerimizi sürdürmekteyiz. **Porline** olarak kalite, güven ve müşteri memnuniyetini temel değerlerimiz olarak benimserken, insana ve çevreye duyulan saygıyı da yönetim anlayışımızın merkezine koymaktayız. 250'den fazla deneyimli çalışanımızla, yerel ve milli kaynakları sorumlu bir biçimde kullanarak şehrimizin ve ülkemizin ekonomik gelişimine katkı sağlıyoruz. Aynı tutku ve kararlılıkla yolumuza devam ediyor; porseleni zanaat, yenilik ve içinde yaşadığımız dünyamıza ve çevremize duyduğumuz saygı ile şekillendiriyoruz.
